

Complaints Return (DISP 1 Ann 1R)

GROUP REPORTING

- 1 Does the data reported in this return cover *complaints* relating to more than one entity?
- 34 If 'Yes' to 1 (above) list the firm reference numbers (FRNs) of all of the additional entities included in this return. Use the 'add' button to add additional FRNs.

NIL RETURN DECLARATION

- 2 We wish to declare a nil return
(If 'Yes', leave all tables blank, including the contextualisation metrics in tables 3 and 6).

RETURN DETAILS REQUIRED

- 3 Total *complaints* outstanding at reporting period start date
- 49 Total number of *complaints* opened during the reporting period

COMPLAINTS DATA PUBLICATION BY FCA AND FIRMS

- 47 If you are reporting 500 or more *complaints* under *DISP* 1.10.1R(1) or 1000 or more *complaints* under *DISP* 1.10.1R(2), do you consent to the *FCA* publishing the *complaints* data and information on context contained in this report and due to be published under *DISP* 1.10A in advance of the *firm* publishing the data itself?
- 48 If 'Yes' to 47 (above), does the *firm* confirm that the *complaints* data and information on context contained in this report accurately reflects the information to be published by the reporting *firm* under *DISP* 1.10A?

Part A-1, DISP Annex 1R

NOTES ON THE COMPLETION OF THIS RETURN

Nil returns

If no *complaints* have been received during the reporting period and no *complaints* were outstanding at the beginning of the period, the *firm* may submit a NIL RETURN by clicking on the relevant box.

Valuing data to be reported

Firms should report the actual data requested in this complaints return, using single units. When reporting information on context in Table 6 of Part A-2, lines 167, 174, 175, 191, 192, 204, 205, 222 and 223 *firms* may use decimals.

Product/service groupings

Unless otherwise specified, *complaints* should be allocated to these groupings based on the product or service the *complaint* relates to.

If a *firm* has not received any *complaints* relating to a particular product or service during the reporting period, the relevant box should be left blank.

Product and cause categories

The 'other' categories should only be used in exceptional circumstances when none of the specific product or cause categories are appropriate.

A *complaint* should be reported against the product/service element complained about; this may be different to the main policy itself. For example, for a current account with attached packaged account products or policies, where the *complaint* relates to the current account element, it should be reported under 'Current accounts' but where the *complaint* relates to the packaged account element, it should be reported under 'Packaged accounts'.

In Table 1 of Part A-1 and Table 4 of Part A-2, in relation to *complaints* about platforms in the investments product/service grouping, *firms* should include *complaints* about the platform rather than the underlying funds or investments.

A *complaint* should only be reported in Part B if it is not covered by a specific category in Part A.

A lender should report *complaints* about the way in which it collects debts due under loans where it is the lender in the relevant lending category.

Where Table 1 of Part A-1 and Table 4 of Part A-2 refer to 'Other' products or services (for example, 'Other banking' or 'Other regulated home finance products'), a *firm* should provide information for up to a maximum of five products or services.

In Table 1 of Part A-1, and Tables 4 and 5 of Part A-2, a *complaint* should only be reported in a 'packaged multi product' category (for example, 'General insurance packaged multi products' or 'Pensions packaged multi products'), if it is not apparent to which underlying product the *complaint* relates. For insurance purposes, this may cover both households or small businesses.

In Table 4 of Part-A-1, where a *complaint* is claims related, it should be recorded in 'column O' as well as the relevant column of columns B to N.

In Table 6 of Part A-2, a product should only be included in a 'packaged multi product' category if it is not apparent to which underlying category the policy, pension, investment or account relates.

Contextualisation

When providing information giving context to its *complaints* data, a *firm* should choose the metric which best reflects whether the business undertaken by the *firm* predominantly involves intermediation or the provision of products or services by the *firm* itself. When completing a group report (i.e. the complaints return covers more than one entity – see Question 1, DISP 1 Annex 1R),

a group should choose the metric which best reflects whether the business for all *firms* included in the group report predominantly involves intermediation or the provision of products or services. In cases where this is not possible, a *firm* may provide information on context for both intermediation and provision.

For provision, information on context should indicate the total volume of a *firm's* relevant business at the end date of the reporting period; this is likely to include accounts opened, loans provided, policies sold and funds and investments provided, and that are still in force, before the commencement of the relevant reporting period.

For intermediation, information on context provided by a *firm* should indicate the number of sales within the relevant reporting period only.

In Table 3 of Part A-1 or Table 6 of Part A-2:

- (1) When reporting information about the 'number of balances outstanding' in the 'Home Finance' product category, *firms* should report the total number of balances outstanding (all loans) as reported by the *firm* at row E.45 or E.53 of E(2) in SUP 16 Annex 19A (Mortgage Lenders and Administrators Return) on the *firm's* most recent return.
- (2) When reporting information about intermediation sales in the 'Crowdfunding / peer to peer' product category, *firms* should provide the number of funded pitches within the reporting period.
- (3) When reporting information about the 'number of policies in force' the reported information should cover the number of existing accounts or policies or any relevant past policies that relate to the *complaint(s)* being reported. For example, in relation to payment protection insurance, a *firm* may no longer have any current policies in force and the *firm* may wish to include the total number of past policies issued/sold.
- (4) When reporting the 'number of client accounts', any underlying funds should not be counted. For example, for an ISA you should count the ISA wrapper not the individual funds held within it, or for investment bonds you should count the bond policies not the individual funds. Similarly, when reporting information about a product which is contained within a packaged multi product, only the packaged multi product should be counted rather than all of the underlying policies, funds or investments. However, for insurance purposes where there are packages of underlying and identifiable separate policies these should be counted separately.
- (5) When reporting the number of policies sold/number of sales or equivalent transactions, renewals should be included.

Transparency

To improve *consumer* awareness and to help *firms* compare their performance against their peers, the *FCA* publishes:

- (1) *complaints* data about the financial services industry as a whole; and
- (2) *firm-level* data for *firms* required to publish their data under DISP 1.10A.1R.

The *FCA* also publishes *firm-level* information giving context to the *complaints* data reported where *firms* are due to publish that information under DISP 1.10A.1R. This will be the data in Table 6 of Part A-2, lines 167, 174, 175, 191, 192, 204, 205, 222 and 223.

For *firms* reporting 500 or more *complaints* under DISP 1.10.1R(1) or 1000 or more complaints under DISP 1.10.1R(2) in the relevant reporting period, the *FCA* will publish the *complaints* data of the *firm* either:

- (1) after the *firm* provides consent in the report; or

- (2) (if the *firm* does not provide consent) after the *FCA* receives an email from the *firm* confirming that the *complaints* data summary accurately reflects the report submitted to the *FCA*, that the summary has been published and where it has been published as required by *DISP* 1.10A.4R.

If the *firm* ticks the ‘Yes’ box in this report consenting to the *FCA* publishing the *firm’s complaints* data, it must also confirm that the data contained in the report accurately reflects the information to be published by the reporting *firm*.

If the *firm* has submitted a joint report on behalf of a *group*, the *firm* should only tick the ‘Yes’ box consenting to the *FCA* publishing the *complaints* data if the *firm* is authorised to do so by those *firms* on whose behalf it is submitting this report.

A *firm* which does not provide consent in this report must still ensure that the *complaints* data contained in this report accurately reflects the data which the *firm* is required to publish under *DISP* 1.10A.1R and confirm this to the *FCA* under *DISP* 1.10A.4R.
