A Scope of Responsibilities should be drafted to clearly show the responsibilities that the *candidate* is to perform as part of their *controlled function* and other relevant responsibilities and how they fit in with the *firm's* overall governance and management arrangements.

A Scope of Responsibilities should be drafted in such a way as to be practical and useable by regulators. The *FCA* and the *PRA* consider that this would be achieved by succinct, clear descriptions of each responsibility which avoid unnecessary detail. Firms have the opportunity to provide details of each responsibility allocated to an individual using the free text boxes in this form, however, the *PRA* and *FCA* would not usually expect the description of each responsibility to exceed 300 words.

A Scope of Responsibilities must be a self-contained document. There should be one document per Senior Insurance Management Function (SIMF) holder or Significant Influence Function (SIF) holder per firm. Where an individual performs a senior insurance manager or significant influence function on behalf of more than one firm within a group, one Scope of Responsibilities is required for each firm. Any supplementary information may be provided in section 4 (or if submitting electronically, in a **single** attachment). A Scope of Responsibilities must not cross refer to or include other documents, attachments or links.

If the appropriate regulator considers that the Scope of Responsibilities is not sufficiently clear to be practical and usable, it could be challenged as part of a candidate's application for approval, or in ongoing supervision.

Details of the individual's responsibilities should be set out in sections 3.2 and 3.3, as appropriate:

- Section 3.2 covers those responsibilities required by regulators to be allocated to one or more controlled functions.
- Section 3.3 covers anything else, not otherwise included, for which a candidate is to be responsible.
